By Evan Moor

Daily Math Practice, Grade 5 By Evan Moor

Provide your fifth-grade students with 10 to 15 minutes of daily math practice specifically developed to meet Common Core! The frequent, focused practice improves math skills, and each title includes downloadable homeschool connection activities. How it works: Students complete five short math problems on days 14. The day 5 activity provides more extensive practice and asks students to think critically. The 36 weeks of grade-specific skill practice covers: Operations fluency, Fractions, Decimals, Algebraic reasoning, Measurement and data, Geometry, and Word problems. This series also includes: models and tools to aid students in solving problems and answering open-ended questions, critical Common Core proficiencies for each grade level, downloadable math activities and projects to offer reinforcing practice at home, and a detailed scope and sequence chart to help teachers map units to correlated skills.
