Occupational Therapy in Action: A Library of Case Studies By Dianne M. Trickey-Rokenbrod

Occupational Therapy in Action: A Library of Occupational Therapy Case Studies helps students develop the clinical reasoning skills they need to provide meaningful, client-centered interventions across the continuum of care and as an integral part of an interprofessional team.

This much-needed book provides a decision-making framework, the Case Development Protocol, to help students integrate treatment concepts and apply theory and sound clinical judgement to dozens of OT cases representing clients of all ages in a range of clinical setting. Scores and qualitative information from the book's unique *Clinical Skills Self-Assessment Survey* helps instructors and students gauge where further training is required and provides guidance on cases from the book that will provide the maximum skill development for each student.
