This book will teach you how to write better: Learn how to get what you want, increase your conversion rates, and make it easier to write anything (using formulas and mind-hacks) By Neville Medhora

Learn how to get what you want....

Learn how to increase conversion rates on anything....

Learn how to make it easier to write anything (using formulas and mind-hacks).

The information in this book has turned keystrokes from my fingers, into millions of dollars in sales.

Some of the concepts inside have been able to turn a poor man, into a rich man, by simply re-arranging some words on a page.

This is an incredibly short book (about 54 pages) that you can read in one sitting. **If this book gives you even one tip that increases the performance of your writing....**(and keep in mind, writing is a skill you will keep your whole life)....then this will be a fantastic investment for yourself.

This information is laid out in the same way I made my famous KopywritingCourse. The structure of that course just naturally taught people how to write better in a logical and fun way.

This book is in the same format, except you can go over it anywhere (although watch the video KopywritingCourse for live examples).

I invite you to spend 45 minutes with me reading this book.

STEP 1.) Grab a beverage of your choice. I prefer a beer or tea when reading.

STEP 2.) Grab a notepad and pen before starting (for notes)

STEP 3.) Find a very comfortable place to sit and read this book.

STEP 4.) Begin absorbing these mind-hacks and formulas laid out in the book....and apply them to your own writing.

Enjoy the book, and please contact me if you have any questions before buying!

Editorial Review

About the Author

My name is Neville Medhora and I started studying the art of copywriting to help out my own businesses. I noticed when I sent out emails or wrote content for a page according to proper copywriting principles, THINGS MAGICALLY SOLD BETTER! But it wasn't "magic" at all. It was simply applying the science and psychology of selling. To this day, I obsessively read everything, listen to everything, and watch everything I can about copywriting, and I've noticed patterns. The successful copywriters and advertisers through history have followed pretty much the same rules since the late 1800's....and those are what I'm sharing with you today. I don't care what you paid for this book, it was worth it because.... it will change your writing forever!
