Editorial Review

Review

...Medea offers vivid, sometimes breathtaking, examples that make her thinking crystal clear. A fluent writer who cares about her audience... Medea unravels conflict the way most people want to: pitting wits and enlightened self-interest against dumb reflex and blind prejudice. Even tyranny and terrorism- methods based in madness- come unraveled at the touch of this book, a rare example of charismatic sanity. - Dr. E. James Lieberman, Professor of Clinical Psychiatry, George Washington University --Foreword Magazine

....good tactical advice ... is provided in pithy and often funny examples of overload situations. Medea's friendly, almost conspiratorial tone dovetails nicely with her direct writing... this book is thorough and has a lot of heart... (Short-listed as a core book for mid- to large libraries) --Library Journal

Andra Medea is an instructor in conflict management at the University of Chicago and a nationally recognized expert on the subject. What is less well known is that Andra has a superb sense of humor. This is a distinctive asset in *Conflict Unraveled: Fixing Problems At Work And In Families* in which she distills her many years of experience and expertise in a volume specifically written and presented so as to be fully accessible to the non-specialist general reader. This wonderful compendium of observations, advice, strategies, tactics, insights, and illustrations is something of a complete and very highly recommended course on conflict resolution whether in the home or in the workplace. --Midwest Book Review
