Editorial Review

Review

There are many best practices guides and then there is the *New Urbanism: Best Practices Guide*. Buy it and you'll find it getting dog eared from constant use- which is just about the nicest thing you can say about a best practices manual. --John Norquist, President and CEO of the Congress for the New Urbanism

This wonderful publication will be of enormous value to big cities, small communities, civic officials, architects, planners, developers, and citizens. --Joseph P. Riley, Mayor, City of Charleston

The New Urbanism: Best Practices Guide is like the communities it describes. The book is compact, with a remarkable density of useful information that is easily accessible, visually appealing, and gracefully laid out. While retaining the best of the past, this fourth edition has also expanded into new territory, addressing matters such as sustainability and human health and aging that are rarely associated with this type of development, but that may be among the most compelling reasons to live this way in the future. The book rewards repeated visits, like new urbanism itself. --Tom Fisher, professor and dean of the College of Design, University of Minnesota

About the Author

Robert Steuteville is publisher and editor of *New Urban News*, the premier trade publication for professionals involved in the New Urbanism and smart growth. Philip Langdon is senior editor of *New Urban News* and author of numerous books on architecture and communities, including *A Better Place to Live: Reshaping the American Suburb*.

Users Review
