**Panel Data Analysis using EViews** By I. Gusti Ngurah Agung

### **A comprehensive and accessible guide to panel data analysis using EViews software**

This book explores the use of EViews software in creating panel data analysis using appropriate empirical models and real datasets. Guidance is given on developing alternative descriptive statistical summaries for evaluation and providing policy analysis based on pool panel data. Various alternative models based on panel data are explored, including univariate general linear models, fixed effect models and causal models, and guidance on the advantages and disadvantages of each one is given.

*Panel Data Analysis using EViews:*

- Provides step-by-step guidance on how to apply EViews software to panel data analysis using appropriate empirical models and real datasets.
- Examines a variety of panel data models along with the author's own empirical findings, demonstrating the advantages and limitations of each model.
- Presents growth models, time-related effects models, and polynomial models, in addition to the models which are commonly applied for panel data.
- Includes more than 250 examples divided into three groups of models (stacked, unstacked, and structured panel data), together with notes and comments.
- Provides guidance on which models not to use in a given scenario, along with advice on viable alternatives.
- Explores recent new developments in panel data analysis

An essential tool for advanced undergraduate or graduate students and applied researchers in finance, econometrics and population studies. Statisticians and data analysts involved with data collected over long time periods will also find this book a useful resource.

### Users Review

**From reader reviews:**

**John Hickman:**

This book untitled Panel Data Analysis using EViews to be one of several books that best seller in this year, this is because when you read this publication you can get a lot of benefit on it. You will easily to buy this kind of book in the book retail store or you can order it via online. The publisher on this book sells the e-book too. It makes you more readily to read this book, since you can read this book in your Cell phone. So there is no reason to your account to past this guide from your list.

**Mary Blackwell:**

Often the book Panel Data Analysis using EViews has a lot of information on it. So when you read this book you can get a lot of benefit. The book was compiled by the very famous author. Tom makes some research previous to write this book. This specific book very easy to read you can find the point easily after reading this article book.

**John Morris:**

Do you like reading a e-book? Confuse to looking for your selected book? Or your book had been rare? Why so many question for the book? But any people feel that they enjoy to get reading. Some people likes reading, not only science book but novel and Panel Data Analysis using EViews or others sources were given information for you. After you know how the good a book, you feel desire to read more and more. Science guide was created for teacher or students especially. Those textbooks are helping them to increase their knowledge. In different case, beside science e-book, any other book likes Panel Data Analysis using EViews to make your spare time considerably more colorful. Many types of book like this.

**Rhonda Lanham:**

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some e-book, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Panel Data Analysis using EViews can make you really feel more interested to read.
