

## The Gate Thief (Mither Mages)

By Orson Scott Card

### The Gate Thief (Mither Mages) By Orson Scott Card

In this sequel to *The Lost Gate*, bestselling author Orson Scott Card continues his fantastic Mither Mages series about the Mages of Westil, who live in exile on Earth, in *The Gate Thief*.

Here on Earth, Danny North is still in high school, yet he holds in his heart and mind all the stolen outselves of thirteen centuries of gatemages. The Families still want to kill him if they can't control him...and they can't control him. He is far too powerful.

And on Westil, Wad is now nearly powerless?he lost everything to Danny in their struggle. Even if he can survive the revenge of his enemies, he still must somehow make peace with the Gatemage Daniel North.

For when Danny took that power from Loki, he also took the responsibility for the Great Gates. And when he comes face-to-face with the mages who call themselves Bel and Ishtoreth, he will come to understand just why Loki closed the gates all those centuries ago.

### Editorial Review

From [Booklist](#)

The sequel to *The Lost Gate* (2010) finds teenager Danny North confronting the consequences of his actions at the end of that book. He's rendered the being formerly known as Loki virtually powerless, having taken most of Loki's gates—wormholes in spacetime that link places that are separated by vast distances—and created the Great Gate, allowing people to pass back and forth between Earth and Westil, the home world of the former gods now living on Earth as (mostly) ordinary people. But is Danny a hero, or has he opened a door that will allow an even more powerful being to slip through and reignite an ancient war that could wipe out humanity entirely? And can Danny really trust that the enemy he vanquished in *The Lost Gate* is now his willing ally? Familiarity with *The Lost Gate* is useful, but not essential, as Card gives readers enough background to have at least a partial understanding of the world he's created. Like the first book, this one's a bit talky in places, but it boasts defined characters and a highly imaginative story. For the author's fans, a must-read. **HIGH-DEMAND BACKSTORY:** As one of the biggest names in science fiction, Card has a built-in audience clamoring for more. --David Pitt

### Review

"Mr. Card is giving a kind of tour of fantasy possibilities while integrating them into his intricately imagined system of magic. One of the system's charms is that it explains such a lot: what ghosts are (the fading "outselves" that mages can project), what fairies are (playful creations that mages make from trash, plants and petals), and why all Indo-European gods have such strong family resemblances. The hints of real history behind the families are especially enticing: I look forward to learning more." *The Wall Street Journal on The Lost Gate*

### About the Author

ORSON SCOTT CARD is the author of the international bestsellers *Shadow of the Giant*, *Shadow Puppets*, *Shadow of the Hegemon*, and *Ender's Shadow*, and of the beloved classic of science fiction, *Ender's Game*, as well as the acclaimed fantasy series *The Tales of Alvin Maker*. He lives in Greensboro, North Carolina.

### Users Review

#### From reader reviews:

#### Robert Jenkins:

What do you think of book? It is just for students as they are still students or the idea for all people in the world, what best subject for that? Just you can be answered for that issue above.
