### In Stitches By Dr. Anthony Youn

**Full of heart and humor, a memoir about becoming a doctor that's unlike anything you've ever read before.**

All Tony Youn ever wanted was to fit in. One of two Asian-American kids in a small midwestern town, he was tall and thin with Coke-bottle glasses, Hannibal Lecter headgear, a bowl cut, and a protruding jaw that grew even faster than his comic-book collection. He finally got his chance senior year as he lay strapped in an oral surgeon's chair having his jaw broken and reset--a brutal makeover that led him to his calling.

Egged on by his overachieving Korean father ("Doctor never get fired."), Tony spent the next four years mired in the angst, flubs, triumphs, nonstop studying, intermittent heavy drinking, and sexual frustration of medical school. He entered a shy, skinny nerd with no nerve, no game, and no clue. He left a doctor.

Heartwarming and laugh-out-loud funny, *In Stitches* is a universal coming-of-age story about a kid who found the best in himself by bringing out the best in others and finally learned to be comfortable in his own skin.

### Editorial Review

#### Review

*In Stitches* was named a **2012 Michigan Notable Book** by the Library of Michigan.

***Publisher's Weekly:*** "Youn's description of his journey from high-school outcast to rock star plastic surgeon is full of fascinating stories and laced with self-deprecating humor in the midst of dark desperation, providing a refreshing insight into medicine."

***Detroit Free Press:*** "Readable, funny, disarming, and heartfelt"

***Huffington Post:*** "In Stitches is a sometimes funny, sometimes painful, sometimes heartwarming recount of Dr. Youn's experiences on the road to becoming a doctor... a Scrubs meets David Sedaris story-line..."

***Lansing State Journal:*** "*In Stitches* is a fast-paced, mesmerizing autobiography that's laced with dark humor and memorable scenes, including his discovery that a woman he's dating works as a carnival fire-eater."

***USA Today:*** "*Laugh-out-loud*"

***Book Reporter:*** "*Rarely has the chaotic, exhausting, Kafkaesque world of the med student been so faithfully, and hilariously, portrayed.*"

***"Surprisingly warm and unquestionably witty. I adored In Stitches."*** --*New York Times* bestselling author **Jen Lancaster**

"Tony Youn's book is wonderful! Written from the heart, in a style that makes you want to read more, it is a touching, sensitive account of his journey. It should be read by everyone who's ever wanted to be a doctor, as well as anyone who's ever wanted to know what his doctor was thinking. A great read!" -- Robert Marion, M.D., author of "Intern Blues"

"In 1980, I read "The House of God," the sardonic story of residency training at Harvard's Beth Israel Hospital. Now, some 30 years later, ""readers are brought into the dorm room, the anatomy lab, the classroom, and the operating room with Dr. Youn as he describes his medical school training. The reader sweats the stresses and enjoys the laughs med students experience. I was touched by the honesty and frankness of the experiences he describes--most people understand the life of a doctor, but few understand the sacrifices that young men and women make while in medical school. Fasten your seatbelts and get ready for a fun ride. This memoir will certainly keep you "In Stitches." --"Arthur W. Perry, MD, FACS, author of "The Real Life of a Surgeon"

"Laugh out loud"-- "USA Today"

"Youn's description of his journey from high-school outcast to rock star plastic surgeon is full of fascinating stories and laced with self-deprecating humor in the midst of dark desperation, providing a refreshing insight into medicine." --"Publisher's Weekly"

""In Stitches" is well written, very readable and appropriately witty. I had the pleasure and opportunity of meeting and working with Dr Youn. I find him not only to be extremely capable and a great surgeon, but

also a kind and generous man. In this book, I actually see a lot of myself in him. At times I was in tears and at others was laughing out loud. I highly recommend it!"-- Dr. Robert Rey of "Dr. 90210"

"Tony Youn traces his success to a stern Korean father and his own fanatical work ethic -- but the real secret is his fabulous sense of humor. If you're contemplating medical school, you'll need three things: resilience, caffeine, and "In Stitches" -- a raucously funny and genuinely affecting account of what becoming a doctor is really like." --Audrey Young, M.D., author of "What Patients Taught Me: A Medical Student's Journey."

"Part 'Grey's Anatomy,' part 'Nip-Tuck,' "In Stitches" takes you under the knife to expose the layers of one doctor's journey to become not only a plastic surgeon but also his own man. A humorous, heartfelt, honest memoir about med school and MCATs, fathers and sons, and finding your place in the world, "In Stitches" will tickle your funny bone, touch your heart and make you think differently about your doctor." --critically-acclaimed author Wade Rouse

"In Stitches" is a brilliant and bouncy read. Humorous and energetic, the author takes us along with him in medical school on his way to becoming a surgeon. He makes you feel as if you are along on the ride. Rich with dialogue, I found myself rooting for him in all sorts of circumstances from his first surgery to hitting on co-eds." --Dr. Drew Ordon, host of "The Doctors"

"Surprisingly warm and unquestionably witty, "In Stitches" is a riveting look at the sacrifice it takes to become a premiere plastic surgeon. In a world where physicians can be almost god-like, Dr. Tony's not afraid to show us his heart, his humor, and his humanity. I adored "In Stitches" and even though I'm not ready to book Dr. Tony for a face-lift, I'd sure like to call him for lunch." --"New York Times" bestselling author Jen Lancaster

"Dr. Youn is a frequent guest on my show, and I can say without a doubt that he's a cut above the rest."-- Rachael Ray

"In 1980, I read "The House of God", the sardonic story of residency training at Harvard's Beth Israel Hospital. Now, some 30 years later, ""readers are brought into the dorm room, the anatomy lab, the classroom, and the operating room with Dr. Youn as he describes his medical school training. May be it could be best activity to you.

#### **Mikel Davis:**

You may spend your free time to see this book this publication. This In Stitches is simple to bring you can read it in the area, in the beach, train as well as soon. If you did not have got much space to bring the particular printed book, you can buy the particular e-book. It is make you quicker to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

#### **Bertha Morrison:**

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the educator want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this In Stitches can make you experience more interested to read.
