Editorial Review

Review

I am writing this as an extremely satisfied consumer of your two Bibles; the Logical Reasoning Bible and the Logic Games Bible. I just got my June LSAT score back, and was pleasantly surprised to have received a 179. My initial diagnostic placed me at 153, but after working with your two books, I was able to dramatically increase my speed and accuracy in logic games and logical reasoning. Your books are easy to understand and worth their weight in gold. Thank you!!! --Michael Wang

The Logic Games Bible was the single most effective tool I used to study for the games section. Everything was presented in a systematic way, which in turn helped me to think and perform in a systematic way during the actual exam. I highly recommend this book to all my friends taking the LSAT. --Prem Amarnani

I'm an LSAT instructor with another national prep company. I think the Logic Games Bible is a great resource for students focused on excelling on the section. In fact, it was the buzz amongst my students that led me to purchase the Logic Games Bible for review on my own time. --Jenny Steiger

I truly wish that someone had told me, before I took the LSAT, to throw out all my other useless testprep books (Kaplan and Princeton, here's looking at you) and just read the PowerScore Bibles. If someone had, I would not now be taking the test again. I noticed, for example, that certain techniques those books had taught me were leading me to complete logic games slower than I would have had I not been taught any techniques at all! Ha! Not so with the PowerScore Bible. Thanks to your book, I, a person who used to only be able to complete one logic game in the 35 minutes allotted, am now able to complete all four (and get them all right!) It's an LSAT miracle. Thank you, thank you, thank you. --Anna Kuksenkova
