Unfriended By Rachel Vail

In middle school, nothing is more important than friendship.

When Truly is invited to sit at the Popular Table with the group she has dreamed of joining, she can hardly believe her luck. Everyone seems so nice, so kind to one another. But all is not as it seems with her new friends, and soon she's caught in a maelstrom of lies, misunderstandings, accusations and counter-accusations, all happening very publicly in the relentless, hyperconnected social media world from which there is no escape.

Six eighth-graders, four girls and two boys, struggle to understand and process their fractured glimpses into one another's lives as they find new ways to disconnect, but also to connect, in Rachel Vail's richest and most searching book.

Editorial Review

From School Library Journal

Gr 6–9—When Truly is invited to the popular table by her former best friend, Natasha, she is excited to finally get a chance at the "in" crowd. Unsure if she is really accepted by them, she worries about doing and saying the wrong thing. Popular Natasha is torn between being a good friend to Truly and being jealous of the attention that she gets. Meanwhile, Hazel, Truly's current best friend, who is decidedly unpopular and anti-popularity, is hurt and angry at being abandoned by her friend. She seeks revenge by hacking into all of Truly's online accounts. The addition of social media amplifies each snub, misunderstanding, and deliberate meanness. Although the characters' interactions may, at first glance seem melodramatic, it is a realistic portrayal of middle school life. Truly is depicted as a complex young adult, not a single-minded social climber, while Natasha's mean streak is the obvious product of questionable parenting. The other characters are multidimensional; they have struggles and worries, and are not the flat, stereotypical popular kids that are sometimes portrayed YA novels. As these young people navigate the already awkward world of middle school, the fact that accusations, rumors, and lies are made public for the world to see make adolescent mistakes much more grave. A solid choice that will ignite meaningful discussion.—Patricia Feriano, Our Lady of Mercy School, Potomac, MD
