Editorial Review

Review

In *Strategic Church*, Frank Damazio has given an overall strategy for church building that can apply to the traditional church, the emergent church, or the small neighborhood church that has never grown. The great thing about this book is that it shows a pastor does not have to be a “10-talent guy” to lead a church that can be used greatly of God—He can use any pastor, anywhere, at any time, to make a significant influence in the life of His followers. This is a great book coming from a great pastor and church revitalization authority.
