The Secret to Money Mastery: Leveraging the Law of Attraction in Your Personal Finances By Kent T. Stuver

Let the latest neuroscience help you achieve your own dreams of financial prosperity.

The Law of Attraction shows us how to use the scientific principles we live with in order to deliberately attract into our lives those things that we most desire. *The Secret to Money Mastery* is a personal finance book that focuses on how you can attract financial independence to yourself. It combines the latest research on neuroscience with sound money management principles.

Your subconscious mind is immensely powerful. Its impulses travel at 100,000 mph, compared to about 120 mph for impulses in your conscious mind. Likewise, it processes 400,000,000,000 bits of information per second, compared to about 2,000 bits per second that your conscious mind processes. And, your subconscious mind is orders of magnitude better at achieving goals than your conscious mind is.

The Secret to Money Mastery teaches you a simple process that will program this phenomenal supercomputer within you. Once programmed, your subconscious mind will carry you toward your own picture of financial independence, automatically, 24 hours a day, 7 days a week. The program will run in the background, while you are awake or asleep, without any conscious effort on your part.

In addition, *The Secret to Money Mastery* introduces you to a set of sound personal finance steps that will help you manage your money better and easier. These steps each put an automated financial process in place that accumulates wealth for you.

You will make use of a basic savings account and one simple step that will make your emergency fund grow automatically. You will put in place a fold-down debt reduction plan that will reduce your debt faster than you thought possible. And, you will learn an effortless twist on mutual fund investing that will make your wealth grow without thought.

The program you condition into your subconscious mind, along with the

automated money management processes you put in place, will work together to move you to the fast track toward financial independence.

Editorial Review

About the Author

Kent T. Stuver graduated in 1995 from Brigham Young University's nationally recognized School of Accountancy. During the first years that he worked as a tax accountant, he realized that a number of his clients did not understand the basic, common-sense principles of personal money management. So, he wrote and published the small booklet *Control Your Cash Flow*, which he gave to his tax clients. Over the years, Kent was intrigued more by the few people who did not see a difference in following his principles, than by those who did. In the end, he realized that the difference lies not so much in the conscious actions taken by people, but rather in the programs they are running in their nonconscious brain. This led to several years of research into the latest neuroscience and psychology behind what drives people's behavior. *The Secret to Money Mastery* is the result of his solid financial training combined with his research in neuroscience. It teaches how you can reprogram the immensely powerful nonconscious brain to achieve your financial objectives, as well as how to follow the basic, common-sense money management principles he originally taught his tax clients.
