

Young's Analytical concordance to the Bible: Containing about 311,000 references subdivided under the Hebrew and Greek originals with the literal ... of each : based upon the King James version

By Robert Young

Young's Analytical concordance to the Bible: Containing about 311,000 references subdivided under the Hebrew and Greek originals with the literal ... of each : based upon the King James version By Robert Young

Since its first publication in 1879, Young's Analytical Concordance has proven to be a valuable study aid for Bible readers. Each new generation finds that it is a versatile tool. The concordance contains 311,000 references and nearly 5,000,000 words. About 70,000 Hebrew and Greek words are listed in separate lexicons at the end of the main concordance. But the concordance itself gives helpful information about these languages. The key word of each text is printed in the original characters, and correct modern English pronunciations are included. The concordance shows the literal meaning of each word, its Hebrew and Greek form, its English translation, and all of the parallel passages in which the word appears. Thus each entry is a word study in itself. Unlike other concordances, Young's includes a thorough description of each personal and geographical name. It also distinguishes between different people or places that have the same name. This edition includes an expanded version of Dr. Young's introductory article on Bible idioms, plus an outline of all the books of the Bible. These new features make it the most useful edition.

Jennifer Bedard:

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or to make a summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their passion. They just do what the educator wants, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore, this Young's Analytical concordance to the Bible: Containing about 311,000 references subdivided under the Hebrew and Greek originals with the literal ... of each : based upon the King James version can make you feel more interested to read.

Ronald Folk:
