Runt of the Litter (The Alpha Shifter Collection Book 6) By Sam Crescent

Tori is weak, small, and vulnerable, the runt of the litter, so the pack does everything in its power to protect her. Jack has always cared about her, but when he screws up and some innocent fun almost kills Tori, she is sent to live with her uncle to keep her safe.

Now three years later, Tori is back, and the moment Jack sees her, he knows she's his mate. What he's not prepared for is the revelation that she might not make it through her transition into a wolf in two years' time.

Tori knows the danger she's in. With the help of her uncle she's trying to get stronger, to prepare for the time when she must become a wolf. She wants all the help she can get, and is happy to get help from Jack, the guy who has always been nice to her.

Time is running out, and Jack doesn't see an answer. If his mate dies, he doesn't want to live without her. There is only a slim chance of her surviving, but it means he has to break one of the pack's most sacred laws. He's willing to risk anything for his mate, but what will happen when the pack discovers what he has done? Will Tori forgive him? Will she accept him as her mate? Or will it all be for nothing?
