By Frank R. Walker Co.

Walker's Building Estimator's Reference Book By Frank R. Walker Co.

A guide to estimating material and labor costs, the Walker Building Estimator's Reference Book is renowned for the depth of detail and description contained in its 1,728 pages, providing the user a reference that is unique among books relating to estimating.

Updated continuously since 1915, this hands-on manual covers updated construction methods, material and labor costs and labor productivity (man-hours). It walks you through each phase of the estimate in each CSI Division, 1 to 16. It also contains valuable information on construction finance, scheduling, construction management, bidding, negotiating contracts, value engineering, types of cost estimates, overhead, insurance, profit, change orders, and more.

It is this level of substance that makes "Walker's Building Estimator's Reference Book" a standard in the curriculum of dozens of universities' construction programs.

Used by builders, contractors, architects, engineers, adjusters, appraisers, home-craftsmen, colleges, universities and technical schools. It is also mandated reference for the State of Florida General License Examination, in addition to 16 states which license contractors on the basis of competency exams.

Accepted in many courts as industry-normative data for construction dispute resolution. (1,728 pages, CSI format)
