**At the Mountains of Madness (Illustrated Classics)** By H.P. Lovecraft, Ian N. J. Culbard

*I am forced into speech because men of science have refused to follow my advice without knowing why.*

H.P. Lovecraft's terrifying horror story gets an illustrated interpretation by one of today's finest graphic novel artists. Geologist William Dyer--the narrator of this novella--is desperate to stop a research team planning a journey to Antarctica. He himself led a disastrous mission there, only to discover evidence of blood-chilling evil from beyond Earth. Will the new expedition continue its plans? And what will happen if they go?

Once again, as he did in *The Picture of Dorian Gray* and *The Hound of the Baskervilles*, Ian N. J. Culbard has created an unforgettably powerful retelling of a classic tale.
