### Edward de Bono and the Mechanism of Mind: Short Biography, Book Reviews, Quotes, and Comments (Great Minds) (Volume 5) By Peter Fritz Walter

'Edward de Bono and the Mechanism of Mind' (Great Minds Series, Vol. 5) is a study that features one of the greatest think tanks of our time. Born in 1933 in Malta, he has been a training expert, corporate consultant, writer and philosopher of world renown for decades. He has been a corporate consultant for DuPont, Exxon, Shell, Ford, IBM, British Airways, Ciba-Geigy, Citibank—to name a few. Unlike many other corporate training experts, Dr. de Bono went way beyond the job of a corporate trainer, and is to be considered a true business philosopher and conceptualist. His research on perception and the memory matrix of the human brain has had a decisive impact upon accelerated learning. Dr. de Bono is the creator of many creativity-boosting games and training programs, among them the concept of 'lateral thinking' and the '6 Thinking Hats' brainstorming technique. In various countries, governments use his techniques in primary schools and high schools for boosting the creativity and learning skills of their students. He has written numerous books with translations into 34 languages (all the major languages plus Hebrew, Arabic, Bahasa, Urdu, Slovene, Turkish etc), and has been invited to lecture in 52 countries around the world. In 1995 the Malta Government awarded Edward de Bono the 'Order of Merit.' This is the highest award available and is limited to only twenty living persons. For many thousands, indeed millions, of people worldwide, Edward de Bono's name has become a symbol of creativity and new thinking.

### Editorial Review

#### About the Author

Parallel to an international law career in Germany, Switzerland and the United States, Dr. Peter Fritz Walter (Pierre) focused upon fine art, cookery, astrology, musical performance, social sciences and humanities. He started writing essays as an adolescent and received a high school award for creative writing and editorial work for the school magazine. After finalizing his law diplomas, he graduated with an LL.M. in European Integration at Saarland University, Germany, and with a Doctor of Law title from University of Geneva, Switzerland, in 1987. He then took courses in psychology at the University of Geneva and interviewed a number of psychotherapists in Lausanne and Geneva, Switzerland. His interest was intensified through a hypnotherapy with an Ericksonian American hypnotherapist in Lausanne. This led him to the recovery and healing of his inner child. In 1986, he met the late French psychotherapist and child psychoanalyst Françoise Dolto (1908-1988) in Paris and interviewed her. A long correspondence followed up to their encounter which was considered by the curators of the Dolto Trust interesting enough to be published in a book alongside all of Dolto's other letter exchanges by Gallimard Publishers in Paris, in 2005. After a second career as a corporate trainer and personal coach, Pierre retired as a full-time writer, philosopher and consultant. His nonfiction books emphasize a systemic, holistic, cross-cultural and interdisciplinary perspective, while his fiction works and short stories focus upon education, philosophy, perennial wisdom, and the poetic formulation of an integrative worldview. Pierre is a German-French bilingual native speaker and writes English as his 4th language after German, Latin and French. He also reads source literature for his research works in Spanish, Italian, Portuguese, and Dutch. In addition, Pierre has notions of Thai, Khmer, Chinese and Japanese. All of Pierre's books are hand-crafted and self-published, designed by the author. Pierre publishes via his Delaware company, Sirius-C Media Galaxy LLC, and under the imprints of IPUBLICA and SCM (Sirius-C Media).
