### Editorial Review

#### About the Author

**Ben Stein** can be seen talking about finance on Fox TV news every week. He is known to many as a movie and television personality, but has probably worked more in personal and corporate finance than anything else. He has written about finance for *Barron's* and *The Wall Street Journal* for decades and contributes regularly to the AARP's *Modern Maturity* (now *AARP: The Magazine*). He was one of the chief busters of the junk bond frauds of the 1980s, has been a long-time critic of corporate executives' self-dealing, and has written several self-help books about personal finance.
