Indian Summer: The Secret History of the End of an Empire By Alex Von Tunzelmann

An extraordinary story of romance, history, and divided loyalties--set against the backdrop of one of the most dramatic events of the twentieth century

The stroke of midnight on August 15, 1947, liberated 400 million people from the British Empire. With the loss of India, its greatest colony, Britain ceased to be a superpower, and its king ceased to sign himself Rex Imperator.

This defining moment of world history had been brought about by a handful of people. Among them were Jawaharlal Nehru, the fiery Indian prime minister; Mohammed Ali Jinnah, the leader of the new Islamic Republic of Pakistan; Mohandas Gandhi, the mystical figure who enthralled a nation; and Louis and Edwina Mountbatten, the glamorous but unlikely couple who had been dispatched to get Britain out of India. Within hours of the midnight chimes, their dreams of freedom and democracy would turn to chaos, bloodshed, and war.

Behind the scenes, a secret personal drama was also unfolding, as Edwina Mountbatten and Jawaharlal Nehru began a passionate love affair. Their romance developed alongside Cold War conspiracies, the beginning of a terrible conflict in Kashmir, and an epic sweep of events that saw one million people killed and ten million dispossessed.

Steeped in the private papers and reflections of the participants, *Indian Summer* reveals, in vivid, exhilarating detail, how the actions of a few extraordinary people changed the lives of millions and determined the fate of nations.

Editorial Review

From Publishers Weekly

Starred Review. The transfer of power from the British Empire to the new nations of India and Pakistan in the summer of 1947 was one of history's great, and tragic, epics: 400 million people won independence, and perhaps as many as one million died in sectarian violence among Hindus, Muslims and Sikhs. In her scintillating debut, British author von Tunzelmann keeps one eye on the big picture, but foregrounds the personalities and relationships of the main political leaders—larger-than-life figures whom she cuts down to size. She portrays Gandhi as both awe inspiring and, with his antisex campaigns and inflexible moralism, an exasperating eccentric. British viceroy Louis Dickie Mountbatten comes off as a clumsy diplomat dithering over flag designs while his partition plan teetered on the brink of disaster. Meanwhile, his glamorous, omniscient wife, Edwina, looks after refugees and carries on an affair with the handsome, stalwart Indian statesman Nehru. Von Tunzelmann's wit is cruel—Gandhi... wanted to spread the blessings of poverty and humility to all people—but fair in its depictions of complex, often charismatic people with feet of clay. The result is compelling narrative history, combining dramatic sweep with dishy detail. 8 pages of b&w photos. (Aug.)

The end of the British Raj remains a controversial topic among historians. Could partition have been avoided if British and Indian politicians were more prudent? Could the communal violence that cost up to a million lives have been avoided or at least mitigated? Although Von Tunzelmann touches on these questions, she does not attempt to answer them, but perhaps those answers are beyond the scope of this general history of the closing years of British control. Instead, she provides an interesting look at the key players in this tumultuous period. Despite the title, there are no startling revelations here. But Von Tunzelmann's portrayals of Nehru, Jinnah, Gandhi, and Louis Mountbatten are often provocative and at odds with more conventional views. Gandhi, for example, is seen as rather rigid, sometimes petty, and maddeningly indecisive. Nehru, the giant of Indian nationalist aspirations, seems more British than the British themselves and distinctly uncomfortable as a leader of a mass movement. This is not a particularly comprehensive account, but for general readers, this work will be very valuable. Freeman, Jay

Review

"*Indian Summer* is a true tour de force: absorbing in its detail and masterly in the broad sweep of its canvas."—Sir Martin Gilbert, author of *The Somme*

"*Indian Summer* is outstandingly vivid and authoritative. Alex von Tunzelmann brings a lively new voice to narrative history-writing."—Victoria Glendinning, author of *Leonard Woolf*

"Alex von Tunzelmann is a wonderful historian, as learned as she is shrewd. But she is also something more unexpected: a writer with a wit and an eye for character that Evelyn Waugh would surely have admired."—Tom Holland, author of *Rubicon* and *Persian Fire*

"An engaging, controversial, very lively and, at times, refreshingly irreverent tour de force. Alex von Tunzelmann has written a dramatic story, laced with tragedy and farce, and done so very well; a remarkable debut."—Lawrence James, author of *The Middle Class: A History* and *Raj: The Making and Unmaking of*

British India

“This is history as multiple, interconnected biography . . . a book more concerned with the smaller, more colorful threads of individual character than with the broader tapestry of history and retrospective judgment. . . *Indian Summer* achieves something both simpler and rarer, placing the behavior and feelings of a few key players at the center of a tumultuous moment in history.”—*New York Times Book Review*

“A fascinating book that may well change how we look on the benighted world in which we live today.”—*Los Angeles Times*

“In ‘Indian Summer’, Alex von Tunzelmann pays particular attention to how negotiations were shaped by an interplay of personalities. . . her account, unlike those of some of her fellow British historians, isn’t filtered by nostalgia.”—*The New Yorker*

Users Review

From reader reviews:

Jules Thompson:

This Indian Summer: The Secret History of the End of an Empire book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is information inside this book incredible fresh, you will get data which is getting deeper you actually read a lot of information you will get.
