

The American Century: A History of the United States Since the 1890s

By Walter LaFeber, Richard polenberg, Nancy Woloch

The American Century: A History of the United States Since the 1890s By Walter LaFeber, Richard polenberg, Nancy Woloch

The new edition of this classic text on modern U.S. history brings the story of contemporary America into the second decade of the twenty-first century with new coverage of the Obama presidency and the 2012 elections. Written by three highly respected scholars, the book seamlessly blends political, social, cultural, intellectual, and economic themes into an authoritative and readable account of our increasingly complex national story. The seventh edition retains its affordability and conciseness while continuing to add the most recent scholarship. Each chapter contains a special feature section devoted to cultural topics including the arts and architecture, sports and recreation, technology and education. Adding to the readers' learning experience is the addition of web links to each of these features, providing numerous complementary visual study tools. These links become live, and illustrations appear in full color, in the ebook edition.

An *American Century* instructor site provides instructors who adopt the book with high interest features--illustrations, photos, maps, quizzes, an elaboration of key themes in the book, PowerPoint presentations, and lecture launchers on topics including the Versailles Conference, the "Military-Industrial Complex" Speech by Dwight D. Eisenhower, the Tet Offensive, and the prospects for a Second American Century. In addition, students have free access to a multimedia primary source archive of materials carefully selected to support the themes of each chapter.

Editorial Review

Review

"It is written in a lively and edifying manner that will engross both history and non-history majors. The text primarily follows a chronological format, making it easy to assign specific chapters or sections for use as supplemental readings in classes dealing with more specific subjects. The text can also be used as the primary textbook in both one and two semester courses dealing with 20th Century American history. One of the features that makes this text so engaging for students is that the writers have balanced the historical, political, and economic facts with cultural, intellectual, and social insights that help to not only bring the subject matter to life, but also to make the material more relevant to modern students. The organization of the material makes it easy for instructors to customize its use to meet their classes' unique requirements and the wealth of supplemental material that is available will enhance the students' learning experience."

From reader reviews:

Loretta Manson:

With other case, little persons like to read book The American Century: A History of the United States Since the 1890s. You can choose the best book if you appreciate reading a book. Given that we know about how is important some sort of book The American Century: A History of the United States Since the 1890s. You can add understanding and of course you can around the world by a book. Absolutely right, mainly because from book you can understand everything! From your country until eventually foreign or abroad you will end up known. About simple point until wonderful thing you could know that. In this era, we could open a book as well as searching by internet product. It is called e-book. You should use it when you feel uninterested to go to the library. Let's examine.

Randall Rearick:

What do you consider book? It is just for students since they're still students or the item for all people in the world, the actual best subject for that? Just simply you can be answered for that concern above. Every person has various personality and hobby for each other. Don't to be obligated someone or something that they don't would like do that. You must know how great as well as important the book The American Century: A History of the United States Since the 1890s. All type of book could you see on many resources. You can look for the internet solutions or other social media.

Maria Forshee:

Why? Because this The American Century: A History of the United States Since the 1890s is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will distress you with the secret that inside. Reading this book beside it was fantastic author who also write the book in such remarkable way makes the content inside of easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This unique book will give you a lot of positive aspects than the other book get such as help improving your proficiency and your critical thinking means. So , still want to delay having that book? If I were you I will go to the book store hurriedly.

Greg Butler:

Is it you actually who having spare time and then spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This The American Century: A History of the United States Since the 1890s can be the answer, oh how comes? A fresh book you know. You are and so out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these guides have than the others?
