

Extraordinary Vessels (Paradigm title)

By Kiiko Matsumoto, Stephen Birch

Extraordinary Vessels (Paradigm title) By Kiiko Matsumoto, Stephen Birch

This book provides a thorough explanation of theory and practice of treatment methods based on the use of the eight extraordinary methods. Methods described include: plus-minus needling, the Chinese system of body zones, and the use of bipolar metals, magnets, and electrically pulsed magnets. The text is well illustrated with helpful tables and diagrams.

Editorial Review

Review

"this is an excellent book to be highly recommended to any acupuncture practitioner." -- *Giovanni Maciocia, in a letter to the Journal of Traditional Acupuncture*

"It is a delight to see that there is a return to the original concepts of acupuncture and the movement of energy on a global level, as distinct from the use of points purely for the removal of specific perverse influences." -- *British Journal of Acupuncture*

From the Author

The authors' attempted for the first time in English, a compilation of the major historical literature on the eight extraordinary vessels. The first chapter introduces the basic theoretical model of the extraordinary vessels with some modern extrapolations. The second chapter contains the most comprehensive compilation of all the major historical discussions of the pathways of the extraordinary vessels that can be found in English. The third chapter contains a compilation of the most comprehensive Asian discussions of the indications and treatment targets for the extraordinary vessels from the historical literature in English. The fourth chapter introduces two rather unique modern uses of the extraordinary vessels developed in Japan. The final sections attempt to show parallels between the historical literature and the modern uses, specially TCM. Recently, other texts on the extraordinary vessels have been published, but none have attempted to report in depth from on the historical literature that this text features.

Users Review

From reader reviews:

Joseph Bolden:

Do you have favorite book? When you have, what is your favorite's book? Guide is very important thing for us to learn everything in the world. Each book has different aim or goal; it means that reserve has different type. Some people sense enjoy to spend their a chance to read a book. They may be reading whatever they consider because their hobby is reading a book. How about the person who don't like examining a book? Sometime, person feel need book once they found difficult problem or perhaps exercise. Well, probably you will want this Extraordinary Vessels (Paradigm title).

Karen Lheureux:

Your reading 6th sense will not betray a person, why because this Extraordinary Vessels (Paradigm title) reserve written by well-known writer whose to say well how to make book that could be understand by anyone who else read the book. Written inside good manner for you, leaking every ideas and composing skill only for eliminate your own hunger then you still hesitation Extraordinary Vessels (Paradigm title) as good book but not only by the cover but also by content. This is one publication that can break don't judge book by its include, so do you still needing one more sixth sense to pick this kind of!? Oh come on your reading sixth sense already alerted you so why you have to listening to a different sixth sense.

Sylvia Dozier:

You will get this Extraordinary Vessels (Paradigm title) by visit the bookstore or Mall. Simply viewing or reviewing it could to be your solve issue if you get difficulties on your knowledge. Kinds of this publication are various. Not only through written or printed but also can you enjoy this book by e-book. In the modern era similar to now, you just looking by your local mobile phone and searching what your problem. Right now, choose your ways to get more information about your publication. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose right ways for you.

Barry Altman:

As a scholar exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Extraordinary Vessels (Paradigm title) can make you truly feel more interested to read.
