Uneasy Money By P. G. Wodehouse

In a day in June, at the hour when London moves abroad in quest of lunch, a young man stood at the entrance of the Bandolero Restaurant looking earnestly up Shaftesbury Avenue—a large young man in excellent condition, with a pleasant, good-humoured, brown, clean-cut face. He paid no attention to the stream of humanity that flowed past him. His mouth was set and his eyes wore a serious, almost a wistful expression. He was frowning slightly. One would have said that here was a man with a secret sorrow. William FitzWilliam Delamere Chalmers, Lord Dawlish, had no secret sorrow. All that he was thinking of at that moment was the best method of laying a golf ball dead in front of the Palace Theatre. It was his habit to pass the time in mental golf when Claire Fenwick was late in keeping her appointments with him. On one occasion she had kept him waiting so long that he had been able to do nine holes, starting at the Savoy Grill and finishing up near Hammersmith. His was a simple mind, able to amuse itself with simple things. As he stood there, gazing into the middle distance, an individual of dishevelled aspect sidled up, a vagrant of almost the maximum seediness, from whose midriff there protruded a trayful of a strange welter of collar-studs, shoe-laces, rubber rings, buttonhooks, and dying roosters. For some minutes he had been eyeing his lordship appraisingly from the edge of the kerb, and now, secure in the fact that there seemed to be no policeman in the immediate vicinity, he anchored himself in front of him and observed that he had a wife and four children at home, all starving. This sort of thing was always happening to Lord Dawlish. There was something about him, some atmosphere of unaffected kindness, that invited it

Editorial Review

Review

"The very definition of British humor ... in suave hardcover volumes, the dust jackets as natty as the prose."

About the Author

Anglo-American wit, short-story writer, dramatist and lyricist, educated at Dulwich College and chiefly noted as the creator of the efficient butler, Jeeves. He wrote more than 90 books and more than 20 film scripts and collaborated on more than 30 plays and musical comedies. His major works include Psmith in the City (1910), Very Good Jeeves (1930), The Butler Did It (1957), Bachelors Anonymous (1974), O, Kay (1926) and Rosalie (1928).

The plot of this amiable romance is secondary to its style. Wodehouse's masterful language makes high comedy out of situations that would be dull or slapstick in less capable hands. He invites reading aloud, but his effects are fragile, requiring a light, deft touch. Simon Vance's delivery is understated but satisfactory. He has a pleasant voice and a sympathetic feel for the material. But those who have heard the Bertie Wooster series from the BBC may be left wishing for a less restrained performance. J.N.
