## Starflight By Melissa Landers

Solara Brooks needs a fresh start, someplace where nobody cares about the engine grease beneath her fingernails or the felony tattoos across her knuckles. The outer realm may be lawless, but it's not like the law has ever been on her side. Still, off-world travel doesn't come cheap; Solara is left with no choice but to indenture herself in exchange for passage to the outer realm. She just wishes it could have been to anyone besides Doran Spaulding, the rich, pretty-boy quarterback who made her life miserable in school. The tables suddenly turn when Doran is framed for conspiracy on Earth, and Solara cons him into playing the role of her servant on board the Banshee, a ship manned by an eccentric crew with their own secrets. Given the price on both Doran and Solara's heads, it may just be the safest place in the universe. It's been a long time since Solara has believed in anyone, and Doran is the last person she expected to trust. But when the Banshee's dangerous enemies catch up with them, Solara and Doran must come together to protect the ship that has become their home—and the eccentric crew that feels like family.

### Editorial Review

From School Library Journal

Gr 7 Up—Her knuckles inked as a convicted felon, Solara is eager to make her way to the Fringe, the outer edge of the solar system, where society is rough and she can start over, hoping to use the mechanic skills she developed in the orphanage. In order to afford transport, however, she finds herself indentured to Doran, the snotty son of a fuel mogul who tormented her throughout high school. Solara quickly turns the tables by electronically stunning him and switching master and owner identification bracelets. After a series of mishaps, the two of them end up on board a run-down smuggling ship, the Banshee, where the lines between passenger and crew soon blur. Meanwhile, it turns out that the galaxy patrol is looking not for Solara but Doran—wanted on felony charges himself. As the two open up to each other, hate wanes and romantic sparks fly. Teens will be bracing themselves during the swashbuckling space pirate action scenes and an over-the-top climax as Doran's childhood history is revealed. **VERDICT** A great choice for fans of raw sci-fi action, reminiscent of the lawlessness presented in the television series *Firefly*.—Leah Krippner, Harlem High School, Machesney Park, IL

Review

"A great choice for fans of raw sci-fi action?" ---School Library Journal

About the Author

Melissa Landers writes romantic science fiction for teens and the young at heart. Additionally, she publishes adult contemporary romance under the name Macy Beckett. A proud sci-fi geek who isn't afraid to wear her Princess Leia costume in public, Melissa lives in Ohio. Visit her at [melissa-landers.com](http://melissa-landers.com).

Amanda Dolan is a New York City-based actor. She has an MFA from Brown University and tries to put it to good use as often as she can. In addition to acting, Amanda works as a theater educator and a musician.

### Users Review

**From reader reviews:**

**Ashley Mansfield:**

Book will be written, printed, or highlighted for everything. You can understand everything you want by a guide. Book has a different type. As we know that book is important point to bring us around the world. Alongside that you can your reading ability was fluently. A publication Starflight will make you to possibly be smarter. You can feel far more confidence if you can know about every little thing. But some of you think that will open or reading some sort of book make you bored. It is far from make you fun. Why they could be thought like that? Have you searching for best book or suitable book with you?

**Bernetta Smith:**

What do you with regards to book? It is not important with you? Or just adding material when you really need something to explain what your own problem? How about your extra time? Or are you busy individual? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have free time? What did you do? Everybody has many questions above. They should answer that question simply

because just their can do that will. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need this Starflight to read.

**Laura McCallum:**

A lot of people always spent their own free time to vacation as well as go to the outside with them friends and family or their friend. Were you aware? Many a lot of people spent many people free time just watching TV, or even playing video games all day long. If you want to try to find a new activity that is look different you can read the book. It is really fun for you. If you enjoy the book that you read you can spent the whole day to reading a reserve. The book Starflight it doesn't matter what good to read. There are a lot of folks that recommended this book. They were enjoying reading this book. When you did not have enough space bringing this book you can buy often the e-book. You can m0ore very easily to read this book from your smart phone. The price is not to fund but this book features high quality.

**Richard Strohm:**

Exactly why? Because this Starflight is an unordinary book that the inside of the publication waiting for you to snap it but latter it will jolt you with the secret the idea inside. Reading this book beside it was fantastic author who write the book in such remarkable way makes the content inside of easier to understand, entertaining method but still convey the meaning fully. So , it is good for you for not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book get such as help improving your expertise and your critical thinking way. So , still want to postpone having that book? If I had been you I will go to the book store hurriedly.
