### The Mandala Astrological Tarot Cards and Book By A. T. Mann

There are many tarot sets on the market—but not one like this! The first thing you'll notice about this unique book-and-card set is the deck's square shape, which allows each card to be positioned facing not just two, but all four cardinal points of the compass: this provides readings of great depth and accuracy. Then, the original design eliminates the conventional human figures of the tarot, replacing them with mandala images that aid meditation. What's more, the 22 major arcane signs are divided into three groups corresponding to the signs of the zodiac, the elements, and the planets. This spiritually aware approach to the tarot provides a remarkable new set of tools for understanding the forces that shape our lives.
